Ad Text Do you know that the white Milwaukee officer who was fired from his job after fatally shooting a mentally ill Black man in 2014 has gotten his job back? This is a real proof that white officers will just kill blacks and still walk without prosecution. This is the reason why they are not scared of taking a black person's life. Fortunately he has lost an appeal to get his job back — for the second time, but what I find really interesting is the reason why he was fired. It is now absolutely clear that Police Chief fired Manney for his actions that led to the shooting, but not for the shooting itself.
